

SABIE SOFA

DELTA

TANZANITE

With the launch of the Sabie Fabric Collection in 2020, two signature Limited Edition Sofas are being offered. Thirty will be made in Tanzanite and thirty in Delta both in a rich and sensual velvet.

The high backs allow for two to sit with dancing elephants juggling a vervet monkey, flanked by travelers riding a giraffe and ostrich. Our feet and bodies cool off in the Sabie River waters where hippos and crocs play among water lilies and a python coils in the right hand corner under one's arm.

In the shadows of the plants, at the back of the sofa, emerges the elusive King Cheetah with his rare spots and stripes. The sofa's border base and arms are framed with a Zulu beaded striped-like pattern, so often seen in the bases of Ardmore Ceramic works. These sofas transport us into a magical animal and botanical fantasy.

DIMENSIONS: 59"W x 32"D x 47"H
